The 2024 MAPT Technician Conference classes are based on your input! That's right, we are working with the industry leaders to create classes based on what you want! More information to come but here is a sneak peek:

Aftertreatment Systems – Electrical – Air System Diagnostics – Air Disc Diagnostics & Repair  
WheelChair Lift & Securement – MSP Inspection – Electric School Bus troubleshooting

This year technicians will team up with the MSP School Bus Inspection Unit and work together as a team to compete in the inspection process learning valuable tips and tricks!
